CLIENT NAME

Dear ,

I refer to our mutual client, (the Client). Thank you for developing a Behaviour Support Plan for the Client.

In accordance with our obligation to support you to gather information for the functional behaviour assessment and other relevant assessments, we have obtained the Client's consent to facilitate information sharing about the Client between you, us and other mainstream providers.

I look forward to receiving a copy of the plan and the tools that will assist us with its implementation.

We acknowledge that we are responsible for providing ongoing data regarding the implementation of the plan. We trust that our feedback — collected through ABC Data Forms and other formal and informal measures — will be useful in monitoring the plan's efficacy.

We are aware that the development of this plan has indicated that the use of restrictive practices is currently required to keep the Client safe. We will use a regulated restrictive practice only in accordance with the plan and any required authorisation, and will report its use to the NDIS Commission as required.

I will contact you shortly to arrange a time for you and our support workers to be trained in the implementation of the plan and the use of restrictive practices.

Kind regards,

FROM
