

Internal Audit Sheet

VERSION 1.0	EFFECTIVE	NEXT REVIEW	OWNER Principal / Key Management Personnel	APPROVED BY Governing body
----------------	-----------	-------------	--	-------------------------------

The working sheet for internal audits of the Core Module, in accordance with the Quality Management and Continuous Improvement Policy. For each quality indicator, record the evidence, whether it conforms, and — where it does not — the non-conformity, root cause, corrective action and opportunity for improvement. Enter improvement actions in the Continuous Improvement Register. Audit at least three times a year (April, July, October).

RIGHTS AND RESPONSIBILITIES — PERSON-CENTRED SUPPORTS									
Each participant's legal and human rights are understood and incorporated into everyday practice.									
Communication about the provision of supports is responsive to the participant's needs and in the language and mode they are most likely to understand.									
Each participant is supported to engage with their family, friends and chosen community as they direct.									
INDIVIDUAL VALUES AND BELIEFS									
At the participant's direction, their culture, diversity, values and beliefs are identified and sensitively responded to.									
Each participant's right to practise their culture, values and beliefs while accessing support is supported.									
PRIVACY AND DIGNITY									

QUALITY INDICATOR TO BE DEMONSTRATED	EVIDENCE & COMMENTS	CONFORMS? (Y/N)	DETAILS OF ANY NON- CONFORMITY	ROOT CAUSE	OPPORTUNITY FOR IMPROVEMENT	CORRECTIVE ACTION	IN CI REGISTER?	AUDITOR	DATE COMPLETE
Consistent processes respect and protect the personal privacy and dignity of each participant.									
Management of each participant's information ensures it is identifiable, accurate, current, confidential and appropriately accessible.									
INDEPENDENCE AND INFORMED CHOICE									
Each participant is supported to make informed choices, exercise control and maximise their independence.									
Each participant's right to the dignity of risk is supported.									
Each participant has sufficient time to consider options and access to an advocate of their choosing.									
VIOLENCE, ABUSE, NEGLECT, EXPLOITATION AND DISCRIMINATION									
Policies, procedures and practices actively prevent violence, abuse, neglect, exploitation and discrimination.									
Allegations and incidents are acted upon, the participant is supported, records are made, and action is taken to prevent recurrence.									
ACCESS TO SUPPORTS; SERVICE AGREEMENTS; SUPPORT PLANNING; RESPONSIVE SUPPORT PROVISION; TRANSITIONS									
The supports available and any access criteria and costs are clearly defined, documented and communicated.									
A Services Agreement is developed with each participant that sets expectations and any conditions.									
A support plan is developed and reviewed with each participant, including regular risk assessment.

Planned transitions to or from the provider are facilitated, documented and managed, with risks addressed.									
RESPONSIVE SUPPORT PROVISION AND SAFE ENVIRONMENT									
Support is based on least-intrusive, evidence-informed options and reasonable efforts are made to involve the participant in selecting workers.									
Each participant can identify workers who support them; protocols and escalation systems for medical emergencies are in place.									
Infection prevention and control standard precautions are implemented and workers are trained, including in PPE.									
FEEDBACK AND COMPLAINTS MANAGEMENT									
A complaints management and resolution system is maintained that follows procedural fairness and complies with the Complaints Rules.									
Each participant is given information on how to give feedback or complain, including external avenues and the right to an advocate.									
Continuous improvement is demonstrated through regular review and incorporation of feedback.									
INCIDENT MANAGEMENT									
An incident management system is maintained that complies with the Incident Management Rules.									
Each participant is given information on incident management, including how incidents involving them were managed.									
Continuous improvement is demonstrated through review of causes, handling and outcomes of incidents.									
GOVERNANCE AND OPERATIONAL MANAGEMENT; RISK MANAGEMENT; QUALITY MANAGEMENT

The governing body meets its financial, legislative, regulatory and contractual responsibilities and monitors quality and safeguarding.									
Conflicts of interest are proactively managed and documented; a documented delegation system is in place.									
A documented risk management system covers incidents, complaints, finance, governance, HR, information, WHS and emergencies.									
A quality management system with a documented internal-audit program supports continuous improvement.									
Appropriate insurance (professional indemnity, public liability and accident) is in place.									
HUMAN RESOURCES MANAGEMENT AND CONTINUITY OF SUPPORT									
The skills and knowledge required for each position are documented; records of pre-employment checks, qualifications and experience are maintained.									
An orientation and induction process, including the NDIS Worker Orientation Module, is completed by workers.									
A training system identifies, plans, records and evaluates training; supervision and support are available.									
Worker performance is managed, developed and documented.									
Arrangements are in place to provide support without interruption, with alternative arrangements explained and agreed.									
SUPPORT PROVISION ENVIRONMENT – WASTE; MEALTIME; MEDICATION; MONEY AND PROPERTY									

QUALITY INDICATOR TO BE DEMONSTRATED	EVIDENCE & COMMENTS	CONFORMS? (Y/N)	DETAILS OF ANY NON- CONFORMITY	ROOT CAUSE	OPPORTUNITY FOR IMPROVEMENT	CORRECTIVE ACTION	IN CI REGISTER?	AUDITOR	DATE COMPLETE
Safe storage and disposal of waste, infectious and hazardous substances complies with legislation; workers are trained.									
Participants requiring mealtime management are identified; needs are assessed by a qualified health practitioner and set out in a plan.									
Medication records identify the medication and participant; workers understand effects and incident steps; medication is stored securely.									
Where the provider has access to a participant's money or property, it is managed, protected and accounted for and only used with consent.
